# WBDA

Washington Business District Authority  
117 North Main Street, Washington, PA 15301

## Our Mission

The mission of the Washington Business District Authority is to preserve, improve, promote and enhance the downtown business district following the four main principles of organization, design, promotion, and economic restructuring.

The WBDA will work to move Washington into the 21st century, while retaining our historic character and yet complementing regional economic development efforts.

## Our Vision

The vision of the Washington Business District Authority is for the City of Washington to have a vital downtown business district that compliments Washington's role as a county seat.

Washington will continue to play a vital role in southwestern Pennsylvania's growing tourism efforts. But more importantly, downtown will be an attractive, safe environment for the residential and business community partners to live, work, learn, shop, worship and play.
